We offer a wide variety of kitchen remodeling services at affordable prices. The kitchen is the heart of your home and the place to gather and talk as you prepare meals. You can rely on us to assist you in making expert decisions regarding price and design. Our kitchen remodeling services include, but are not limited to the following:

- Cabinet Installation and repair
- Island installation and customization
- Countertop installation and repair
- Plumbing
- Sink installation and repair
- Backsplash
- Electrical
- Lighting fixtures installation
- Tile installation and repair

Our professional team is at your service to help your dream project become a reality. Some of the services we offer are:

- Bathroom design
- Remodeling and updating
- Plumbing
- Lighting
- Tile installation
- Vanity installation
- Bathtub, shower and sink installation
- Electrical

From tiling, painting, adding drywall, plumbing, electrical work, adding back splash to flooring- we do it all. No plan, no problem! Our design team is here to take your notes, magazine cutouts and Pinterest posts, and turn it into the new space you desire. No worries here! Communication is our top priority. From planning the lay out, creating a budget, buying the materials, creating a work schedule and adding the finishing touches, no detail will go missed. US Home Construction is here to make your project as seamless as possible. We try our very best to minimize the disruption to your life so you can enjoy this adventure stress free. By the time we are done, you would have wished you done this sooner. In the end we are always looking to build long term friendships with our clients so that we may grow together.
